ONCO 2026 Ethical Compliance

Prof. Dr. Syed Hassan Manzoor Zaidi

Patron-in-Chief, PSCCO

Prof. Dr. Syed Hassan Manzoor Zaidi is the founding force behind the Pakistan Society of Clinical Oncology and the ONCO conference legacy, an academic movement that he initiated, nurtured, and expanded over the years. His vision laid the foundation for every ONCO conference held to date, including the upcoming ONCO 2026, and continues to serve as the guiding light for future ONCO meetings in the years to come.

A distinguished Clinical Oncologist with qualifications including DMRT, FRCR, and FCPS, Prof. Zaidi has served as Professor of Clinical Oncology and remains deeply respected for his decades of service in cancer care, academic training, and institutional leadership. His commitment to advancing oncology education in Pakistan continues to inspire the next generation of physicians and researchers.

Prof. Abrar Ahmed Javed

Patron PSCCO

Prof. Abrar Ahmed Javed is a highly respected academic, clinician, and a founding pillar of the Pakistan Society of Clinical Oncology (PSCCO). As a former Professor of Clinical Oncology and the current Patron of PSCCO, he has played a pivotal role in shaping the society's vision and academic direction. He holds board certification in Radiotherapy from Shiraz, Iran, and boasts over 40 years of experience in clinical oncology. Prof. Javed continues to contribute actively through leadership roles in PSCCO's executive council and scientific committees, especially in advancing oncology education, training countless oncologists, and establishing collaborative platforms like ONCO.

He previously served as the Head of Department of Oncology at Nishtar Medical College, Multan, and his work continues to define PSCCO's academic identity and inspire progress in cancer care nationwide.

Dr Azhar Rashid

Chair ONCO 2026

Dr. Azhar Rashid, President of PSCO and Chair of ONCO 2026, is a leading Clinical & Radiation Oncologist credited as Pakistan's first radiosurgeon. A pioneer in SRS/SBRT and VMAT, he continues to drive innovation in cancer care, training, and research.

Under his leadership, ONCO 2026 aims to advance collaboration and excellence in oncology across national and international platforms.

Dr Asghar H Asghar

Co Chair ONCO 2026

Dr. Asghar Hussain Asghar is a highly respected oncologist with over two decades of experience in comprehensive cancer care. He currently serves as the Director of KIRAN Hospital Karachi, where he is known for his leadership in advanced cancer

therapies and patient-centered treatment. For the upcoming ONCO 2026, he is serving as the Co-Chair, contributing his expertise and vision to help shape a dynamic and impactful scientific program.

Dr Muhammad Ali Memon

Team Lead - Organizing Committee ONCO 2026

Dr. Muhammad Ali Memon, Team Lead of the ONCO 2026 Organizing Committee, is among Pakistan's most senior clinical oncologists with over 30 years of experience. Former Director & Chief Oncologist at the Atomic Energy Medical Centre, JPMC

Karachi, he specializes in chemotherapy, targeted therapy, and advanced radiotherapy. An MCPS and FCPS qualified clinician, he is a Performance Gold Medal recipient and a longstanding leader within PSCO and CPSP.

Dr. Omar T. Atiq

Chief Guest ONCO 2026

We look forward to the esteemed participation of our Chief Guest for ONCO 2026, Dr. Omar T. Atiq, a globally celebrated oncologist and President Emeritus of the American College of Physicians. As a renowned Master of the ACP, he has profoundly

influenced medical policy as former Chair of the Board of Governors. Dr. Atiq's exemplary leadership also includes serving as past President of the Arkansas Medical Society and Commissioner Emeritus of the Arkansas Tobacco Settlement Commission.

Currently a Distinguished Professor of Medicine at the University of Arkansas for Medical Sciences, he holds an inaugural chair in physician leadership. Triple board-certified in oncology, hematology, and internal medicine, his visionary advocacy continues to transform global health reform, healthcare access, and the critical elimination of disparities in modern medicine.

Dr. Shahid Hameed

Guest of Honor - ONCO 2026

It is a distinguished privilege to welcome the Guest of Honor for ONCO 2026, Dr. Shahid Hameed, a renowned Radiation Oncologist with over 30 years of clinical excellence. A graduate of Khyber Medical College, Peshawar, he advanced his expertise by

completing a prestigious residency in Radiation Oncology at Loyola University, Illinois. Currently serving as the Director of Radiation Oncology at the Arkansas Cancer Institute, Pine Bluff, this board-certified specialist is celebrated for his precision and commitment to innovative radiotherapy.

Dr. Hameed's international leadership serves as a vital bridge between global oncology practices. His tireless dedication to patient care and academic advancement continues to inspire the medical community and the next generation of oncology professionals worldwide.

Dr. Madan Kumar Piya

Patron SFO

As ONCO 2026 also happens to be the historic 20th Annual Conference of the SAARC Federation of Oncologists (SFO), we are honored to welcome Dr. Madan Kumar Piya, the esteemed Patron of SFO. A pioneering leader and Chairman of the National Hospital and Cancer Research Center in Nepal, he has spent over thirty years advancing regional cancer care standards.

A graduate of Dhaka Medical College with specialized training from the University of Colorado, his exceptional research earned him the prestigious Kobayashi Foundation Award. Dr. Piya's leadership in this major collaboration between SFO and PSCO underscores his role as a visionary healthcare architect. His lifelong work continues to bridge the gap between advanced research and accessible treatment, profoundly impacting the oncology landscape across South Asia and beyond.

Prof. Ahmed Ijaz Masood

President SFO

Professor Ahmed Ijaz Masood stands as an eminent academic authority and currently serves as the President of the SAARC Federation of Oncologists (SFO). During his tenure as Vice Chancellor of Nishtar Medical University, he acted as the primary

architect for modern cancer care infrastructure throughout South Punjab. With more than three decades of clinical mastery, he is globally recognized for his groundbreaking contributions to breast cancer and sarcoma management.

His influential roles within the Pakistan Society of Clinical Oncology (PSCO) and SFO have proven vital in bridging regional gaps in radiotherapy and academic research. A visionary physician and mentor, he remains dedicated to refining national health policies and elevating treatment standards, ensuring that advanced oncology services reach the most underserved populations across South Asia.

SCIENTIFIC COMMITTEE ONCO 2026

Dr. Arif Jamshed

Team Lead

Dr. Asghar H. Ashghar

Dr. Azhar Rashid

Dr. Humera Mahmood

Dr. M. Faheem

Dr. Ehsan Ur Rehman

Dr. Rab Nawaz Maken

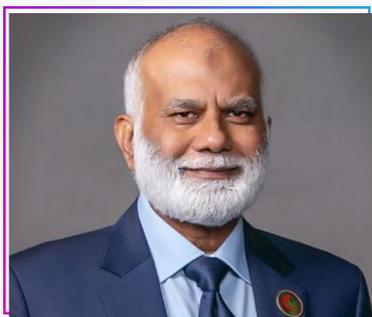

Dr. Salman Arif

Dr. Waqas Ishtiaq Ali

The Scientific Committee of ONCO 2026 is led by Dr. Arif Jamshed, with a team of esteemed experts dedicated to curating a high-quality academic program that reflects the latest advances in oncology. The committee includes Dr. Asghar Hussain Asghar, Dr. Azhar Rashid, Dr. Humera Mahmood, Dr. Mohammad Faheem, Dr. Ehsan Ur Rehman, Dr. Rab Nawaz Maken, Dr. Salman Arif, and Dr. Waqas Ishtiaq Ali. Together, they bring extensive experience in cancer care, research, and education to ensure a scientifically robust and impactful congress.

PSCO and FARO – Expanding Horizons

Professor Mohammad Faheem (PoP)

Senior Executive Director PSCO
President Elect FARO

Established in 2014, the **Federation of Asian Organizations for Radiation Oncology (FARO)** has grown to represent 50% of the global population through international collaboration. Since joining in 2018, the **Pakistan Society of Clinical Oncology (PSCO)** has been a key contributor, actively shaping the federation's growth through its involvement in research, leadership, and educational committees.

Our position in FARO has now become stronger more than ever before with the presidential election held in Chiang Mai, Thailand in November 2025 when **Professor Mohammad Faheem, Presidential award of Pride of Performance, Senior Executive director and former president PSCO** was elected as **President of the federation** for the term 2028-2029.

This election is an important milestone in the history of PSCO. Now being in a leadership position, PSCO can lead effectively in the field of Radiation and Clinical Oncology by not only being a regional front but also as a bridge between Asia and the rest of the world, promoting shared exchange of knowledge, skills, research & opportunities with the ultimate goal of equitable cancer care for all.

PSCO-ESMO Synergy

Dr. Fabrice André

ESMO President

The **PSCO-ESMO Synergy** represents a powerful bridge between Pakistan's national oncology landscape and the global standards of excellence set by the **European Society for Medical Oncology (ESMO)**. This collaboration focuses on professional development, the standardisation of care, and providing Pakistani clinicians with access to world-class educational resources.

PSCO actively promotes the integration of ESMO Clinical Practice Guidelines into local protocols. These guidelines help Pakistani oncologists deliver evidence-based treatment that aligns with international standards, even in resource-limited settings.

The synergy is prominently displayed at major events like the upcoming **ONCO 2026 Congress** in Karachi (January 23–25, 2026). International speakers with ESMO faculty affiliations frequently participate in these congresses to share cutting-edge research in precision medicine and immunotherapy.

ONCO 2026:

Introduction of new Sessions as follows

Key clinical highlights for **ONCO 2026**, January 23–25, 2026, Karachi:

Immunotherapy Symposium

- Focused discussions on the evolving role of immunotherapy in modern cancer care
- Practical insights into patient selection, treatment strategies, and clinical integration
- Real-world experience sharing to improve outcomes and patient safety

PSCO- Molecular / NGS Gallery

- Understanding the role of molecular profiling in personalized cancer treatment
- Multidisciplinary case-based discussions highlighting targeted therapy approaches
- Visual learning through real clinical examples to support treatment decision-making

Stereotactic Radiosurgery & Precision Radiotherapy

- Advances in high-precision radiation techniques for complex tumors
- Emphasis on accurate targeting with maximum tumor control and minimal side effects
- Clinical applications across intracranial and extracranial disease sites

Women for Oncology

- Empowering women professionals in oncology through mentorship and leadership
- Promoting career development, collaboration, and inclusive participation
- Highlighting contributions of women in cancer care and research

Resident Corner

- Dedicated learning platform for oncology residents and trainees
- Case discussions, exam-oriented sessions, and career guidance
- Encouraging academic growth and early professional engagement

Radiation Technologist

- Focused sessions addressing the evolving role of radiation technologists
- Enhancing skills, safety practices, and teamwork in radiotherapy delivery
- Recognizing technologists as essential members of the oncology care team

Panelists	Dr Arnil Sirimanne, Dr Nadeem Pervez, Dr Sameed Hussain, Prof Zahid Mehmood Khan, Dr Mansoor Rafi	
Moderator	Dr Fatima Shaukat (JPMC KHI)	
15 Min	Genetic landscape of Pakistani familial breast cancer patients using multigene panel testing	Dr M Usman Rashid (SKMCH & RC)
15 Min	Redefining Standards - Optimizing Early Breast Cancer Treatment Paradigm.	Dr. Hira Asim (SHIFA ISB)
15 Min	Role of Antibody-drug Conjugates (ADC) in triple negative breast cancer	Dr Sundus Yahya (UNIVERSITY HOSPITALS BIRMINGHAM NHS FT, UK)
15 Min	Escalation and De-escalation in the management of breast cancer- Radiation Oncologist Perspective.	Dr Hina Hashmi (AEMC KHI)
Debate 30 Min:	<i>SUPREMO: Does Intermediate-Risk Breast Cancer Still Need PMRT?</i>	
Moderator: Dr Sameed Hussain	FOR: SUPREMO shows no overall survival from PMRT in intermediate-risk breast cancer, supporting safe omission.	Dr Asma Saleem (DOW KHI) 10 Min
	AGAINST: SUPREMO results do not apply to current practice with SLNB, modern regional nodal irradiation, and biologically guided systemic therapy for node-positive disease	Dr Maryam Ejaz (CMH LHR) 10 Min
10 Min	Discussion	
3:30 PM	End of session	

Session #8 Sarcoma & Lung cancers

2 – 3:30 PM	Day-2 24th Jan 26 Saturday Marriott Ambassador-1 Parallel	
Chairperson	Dr Madan Kumar Pia (Patron SFO)	
Panelists	Dr Saba Imtiaz, Dr Abdul Rehman Abid, Dr Abdul Mateen	
Moderator	Dr Amin Abbasi (NIMRA Jamshoro)	
15 Min	NGS driven management of Metastatic Soft Tissue sarcoma.	Dr Saba Imtiaz (CHURCHILL HOSPITAL, OXFORD UNIVERSITY HOSPITALS NHS TRUST, UK)
15 Min	Role of Immunotherapy in resectable lung cancer	Dr Muhammad Adeel Ilyas
15 Min	Redefining treatment in unresectable locally advanced NSCLC: Durvalumab in NSCLC, transforming 5-year survival outcomes.	Dr Asghar H Asghar (KIRAN KHI)
15 Min	Spatially Fractionated Radiation Therapy	Dr Rana Irfan Mahmood (MEDICLINIC CITY HOSPITAL, UAE)
Debate 30 Min	<i>Metastatic NSCLCA: Maintenance Therapy duration with PD-1/PD-L1 inhibitors fixed duration till 2 Years vs Continue till Progression</i>	
Moderator: Dr Rana Irfan Mahmood	FOR: Fixed duration therapy reduces toxicity, cost, and avoids overtreatment with minimal impact on survival.	Dr Hiba Siddiqui (ZIAUDDIN HOSPITAL KHI) 10 Min
	AGAINST: Continuous therapy may improve long-term outcomes in selected patients; evidence for early discontinuation is limited.	Dr Javeria Haider (NORI Isb) 10 Min
10 Min	Discussion	
3:30 PM	End of session

Chairperson Dr Ehsan Ur Rehman (NORTHHAMPTON GENERAL HOSPITAL, UK)

Panelists Dr Salman Arif, Dr Asma Rashid, Dr Talha Maqsood,
Dr Khaliq ur Rehman, Dr Maryam Nouman

Moderator Dr Waqas Ishtiaq Ali (UNITED LINCOLNSHIRE HOSPITALS NHS TRUST, UK)

15 Min The fundamental workings of immunotherapy and its significance within oncology
Dr Asghar H Asghar (O CHIAR ONCO-26)

15 Min Immunotherapy related response and its duration
Dr Waqas Ishtiaq Ali (UNITED LINCOLNSHIRE HOSPITALS NHS TRUST, UK)

15 Min HCCA & Immunotherapy: Bridging trials to real world Practice.
Dr Khurum Khan (UNIVERSITY COLLEGE LONDON HOSPITALS, UK)

15 Min Immune Related Adverse Events (irAE) – How to play safe .
Dr Hira Yousuf Khan (Leeds Teaching Hospitals NHS Trust UK)

15 Min Emerging trends & real world experience of IO in cancer patients in Pakistan
Dr Wajeaha Anjum (INMOL Lhr)

15 Min Case Based Discussion

5 PM Continue Next Session Here / Poster Presentation (Ambassador 4)

Session #9

Gynecological Cancers

3:30 - 5 PM Day-2 | 24th Jan 26 Saturday Marriott Ambassador-1 Parallel

Chairperson Dr Nasir Ali (AKUH Khi)

Panelists Dr Humera Mahmood, Dr Nadia Azhar, Dr Arie Munandar

Moderator Dr Feroz Achakzai (CENAR CANCER HOSPITAL QUETTA)

15 Min Radical treatment of Cervical Cancer – EMBRACE or INTERLACE
Dr Khadiga Mohammad (OMAN)

15 Min Endometrial Cancers – Changes in Staging / Risk Stratification and Therapy options
Dr Ikram Burni (SULTAN QABOOS COMPREHENSIVE CANCER CARE & RESEARCH CENTER, OMAN)

15 Min Gynecologic Cancers specially Hybrid Brachytherapy.
Dr. Arie Munandar-IROS (DR. CIPTO MANGUNKUSUMO HOSPITAL, INDONESIA)

15 Min IGRT Brachytherapy-Gynae Tumors
DR Sardar Khatoon (NORI ISB)

15 Min SACT (Systemic Anti-Cancer Therapy) in early as well as advanced Ovarian Cancer.
Dr Tanzeel Khalid Janjua (SSMC UAE)

Debate : 30 Min Ovarian Cancer: Maintenance PARP Inhibitors for All vs Biomarker-Restricted Use

Moderator: Dr Muhammad Afzal
FOR: Benefit even in HRP (although smaller)- Prevents early relapse
Dr Saad Saleem Naviwala (Cancer Foundation Hospital Khi) 10 Min
AGAINST: Better outcomes only in BRCA/HRD- Cost and toxicity concerns
Dr Faiza Ahmed (Cancer Foundation Hospital Khi) 10 Min

10 Min Discussion

Jury	Dr Naeem Haider, Dr Amir Maqbool, Dr Kamran Saeed, Dr Abdul Ghaffar, Dr Azhar Rashid	
Moderator	Dr Zainab Rafat Ali (NCCI KHI)	
8:30 am- 07 Min	Dosimetric comparison of fixed-configuration versus image-guided needle insertion in cervical brachytherapy	Maryam Ejaz (CMH LHR)
07 min	Treatment Outcomes of Stereotactic Radiotherapy Using Cyberknife for Brain Metastases; A Single Center Study Using Different Dose Levels	Tayyab Baber (NORI ISB)
07 min	Evaluating the clinical outcome in hypopharyngeal SCCA treated with Carboplatin-Paclitaxel based Induction chemotherapy followed by concurrent Chemoradiation.	Jawad Latif (SKMCH&RC PESHAWAR)
07 min	Clinical Outcomes of Five-Fraction Stereotactic Radiosurgery for Meningiomas: An Institutional Experience with Literature Context	Zainab Rafat Ali (NCCI KHI)
07 min	Clinical and Pathological Response in Rectal Cancer to Total Neoadjuvant Therapy (TNT) using Long-Course Chemoradiotherapy (LCCRT)	Shahzeb Jawed (CMH RWP)
07 min	Pre and Post-Intervention Analysis of Workflow Optimization Post-Simulation to Reduce Pediatric Radiation Therapy Delays in a Resource-Limited Setting	Tooba Ali (AKUH KHI)
07 min	Impact of PSA Thresholds on Salvage Radiotherapy Outcomes: A Retrospective Analysis of Biochemical Recurrence in Prostate Cancer	Hanya Irfan (Imperial College London UK)
07 min	Neoadjuvant chemotherapy with three-weekly carboplatin and paclitaxel followed by concurrent chemoradiation for locally advanced cervical cancer: study from a large cancer center in Pakistan	Simra Qureshi (MINAR MULTAN)
07 min	Translating Global Evidence to Local Practice: Outcomes of Cervical Cancer Patients Managed with Neoadjuvant Chemotherapy, Concurrent Chemoradiation followed by Brachytherapy	Maroona Syed (CMH RWP)
07 min	Plan-of-the-Day Adaptive Radiotherapy in Cervical Cancer: A Dosimetric and Clinical Feasibility Study	Faiqa Aslam (INMOL LHR)
07 min	Adherence to ESTRO ACROP Consensus Guidelines for Post-Mastectomy Radiation Therapy Following Immediate Breast Reconstruction in a Tertiary Care Setting.	Sarah Akhtar (AKUH KHI)
07 min	Skin Toxicity Profile and Dosimetric Analysis of Ultra-Hypofractionated Radiotherapy in Breast Cancer.	Rimsha Shahid (ZUH KHI)
10 AM	End of Session	

Session #15 Radiation Technologist

8:30 – 9:30 AM	Day-3 25th Jan 26 Sunday Marriott Ambassador-1 Parallel	
Chairperson	Mr. Muzaffar Ehsan (SKMCH & RC)	
Panelists/Jury	Mr. Wajid Channa, Syed Toseef Ur Rehman, Syed Majid Hussain	
Jury for Oral Presentattion	Abeer (SIUT), Dr Zafar Alauddin, Dr Nadeem Zia	
Moderator	Mr. Muhammad Qamar	
7 Min	Pakistan's first MR-Linac clinical experience	Syed Ashar Amjad (Dow Ojha Karachi)
07 min	Impact of Interactive Real-Time Quality Assurance (TQA) Tool of Radixact X9 on Clinical Workflow and Patient Safety.	Bina Ashok (JPMC Karachi)
07 min	CBCT image guidance in Head and Neck irradiation - the impact of daily and weekly imaging protocols	Wajid A. Channa (KIRAN Karachi)
07 min	Adaptive Radiotherapy for Pelvic Tumors in Pakistan 1st MRLINAC: Margin Reduction, Organ-at-Risk Sparing, and Early Feasibility	Aisha Urooj (Dow Ojha Karachi)
07 min	Determining the Concordance Rate Between RTT Portal Checks and Radiation Oncologist Approval	Shagufta Tasneem (AKUH-Karachi)
07 min	Analysis of Three Years of Trimodality Therapy in a Single Setting for Esophageal And GE Junctional Carcinoma	Syeda Fatima Qurat ul Ain Jafri (SIUT Karachi)
07 min	Optimization of MVCT Field of View (FOV) for Setup Verification in Radixact X9 Tomotherapy: Impact on Patient Dose and Workflow.	Shamia Ansari (JPMC Karachi)
07 min	Diagnostic Accuracy and Efficiency of F-18 Flourodeoxyglucose PET\CT in detection of Recurrent Head and Neck Cancers	Areeba Naz (SIUT Karachi)
9:30 AM	End of Session	

Session #18 Young Oncologist

10 - 11 AM Day-3 | 25th Jan 26 Sunday Marriott Grand Ballroom

Chairperson Dr Allah Rakha Adil (MINAR MULTAN)

Panelists/Jury Dr. Rana Atique Anwar Khan, Dr. Tabinda Sadaf,
Dr. Shahid Rasool, Dr Muhammad Ali Memon,
Dr Asghar H Asghar

Moderator Dr Erum Idress

07 Min	Precision Without Incision: CyberKnife SRS in the Management of Glomus Tumors.	Dr Uzma Gul (JPMC KHI)
07 min	Exploring the Dual Burden of Financial Toxicity and Quality of Life in Gastrointestinal Cancer Patients: A Multicenter Analysis from Pakistan	Dr Fatima Shaukat (JPMC KHI)
07 min	Incidence of Acute Toxicities in Head and Neck Cancer Patients Treated with Volumetric Modulated Arc Therapy (VMAT-SIB).	Dr. Erum Idrees (NCCI KHI)
07 min	Association of Serum Alpha-Fetoprotein (AFP) Levels with Hepatocellular Carcinoma in Accordance with Stage of the Disease: A Cross-Sectional Study from Northern Pakistan	Dr Kanwal Awan (NORI ISB)
07 min	Induction Chemotherapy Versus Upfront Surgery in Locally Advanced Tongue Cancer: Outcomes of 200 Patients Over Five Years.	Dr Syed Mohsin Raza (SKMCH & RC LHR)
07 min	Empty-Bladder Pelvic Radiotherapy Using Magnetic Resonance Integrated Linear Accelerator; A Dosimetrically Robust and Patient-Friendly Approach.	Dr Muhammad Atif Mansha (DOW KHI)
07 min	Pathological Complete Response (pCR) Rates in Triple Negative Breast Cancer Following Neoadjuvant Chemotherapy alone: A perspective from resource limited setting, A Single-Institution Experience.	Dr Wajeeha Anjum (INMOL LHR)
07 min	Challenges in Implementing Image-Guided Radiotherapy (IGRT) in a Resource-Limited Setup: An Institutional Audit.	Dr Sakina Hashmani (AEMC KHI)

11 - 11:30 AM Tea Break

Session #16 Medical Physics

9:30 - 11 AM Day-3 | 25th Jan 26 Sunday Marriott Ambassador-1 Parallel

Chairperson Mr. Abdul Rafay (SKMCH & RC)

Panelists Zaeem Ahmed, Usman Ahmed Ch, Imtiaz Ahmed Laghari

Jury-Oral Pres Mr. Atif, Mrs. Mehnaz Qamar, Dr Mutahir Ali Tunio

Moderator Mr. Usman Ali Khan (NCCI KHI)

15 Min-Invited	Building a Culture of Safety in Radiotherapy: The Power of Incident Reporting & SAFRON	Norin Marwat (NORI ISB)
07 min	Comparative Study of Coplanar and Noncoplanar VMAT-SIB (Volumetric Modulated Arc Therapy with Simultaneous Integrated Boost) Techniques for Intracranial Radiotherapy in Terms of OAR Sparing	Maham Khalil (NCCI KHI)
07 min	Critical evaluation of AAPM TG-374 and IAEA TRS-398 (updated 2024) reference dosimetry protocols for high-energy photon beams	Luluwa Murtaza (AKUH KHI)
07 min	To implement and evaluate the feasibility of Volumetric Modulated Arc Therapy (VMAT) for the delivery of Total Body Irradiation (TBI).	Syeda Naima Fatima (AKUH KHI)
07 min	Measurement of Off-center Ratios of Iris Apertures via SRS Profiler.	Tayyaba Arif (NORI ISB)
07 min	Fast pre-insertion dosimetry and source validation for Ru-106/I-125 ophthalmic plaque brachytherapy with 2D pixelated semiconductor detectors.	Syed Jawad Ali Shah (AUSTRALIA)
07 min	A Retrospective Review of High Dose Rate Cobalt-60 Intra-Cavitary Brachytherapy utilization at AECH-NORIN Nawabshah.	Muhammad Waqar Qureshi (NORIN WNS)
07 min	Development and Validation of a Low-Cost Prostate Brachytherapy Ultrasound QA Phantom Based on AAPM TG-128 Protocol.	Hamid Jamil (SIUT KHI)
07 min	Electron Beam Therapy: Managing Penumbra and Electronic Equilibrium Challenges — A Clinical Perspective—Electron Beam Therapy: Managing Penumbra and Electronic Equilibrium Challenges — A Clinical Perspective.	Zainab Mustafa (ZUH KHI)
15 Min	Discussion	

11 - 11:30 AM Tea Break

Join "Women For oncology" at GBR / Poster Presentation Ambassador 4

Session #19 Women for Oncology

1:30 PM

Chairperson **Dr Humera Mahmood** (NORI ISB)

Panelists/Jury **Full Panel- Women for Oncology-ONCO-26**

Moderator **Dr Qurat Ul Ain Badar** (ZUH KHI)

11:30 am- 10 Min Women empowerment in Oncology **Dr Hira Yousuf Khan**
(Leeds Teaching Hospitals NHS Trust UK)

7 Min High-Dose-Rate Brachytherapy in Cervical Cancer: A Decade of Experience from a Tertiary Care Center **Dr Raheela Mahmood**
(AEMC KHI)

7 Min Impact of Structured Pre-Simulation Counseling on Psychological Outcomes in Breast Cancer Patients Undergoing Radiotherapy: A Pilot Study **Dr Maleeha Ahmed**
(SIUT KHI)

7 Min VMAT-Craniospinal Irradiation in Medulloblastoma **Dr Fajar Rafi**
(SKMCH & RC LHR)

7 Min Small bowel dose parameters and acute toxicity in patients with locally advanced rectal cancer treated with neoadjuvant chemoradiation **Dr Rabeeta Sheikh**
(MINAR MULTAN)

7 Min Frequency of Disease-Free and Overall Survival Outcomes in Triple-Negative Breast Cancer Patients Following Neoadjuvant Chemotherapy. **Dr Amber Amin**
(INMOL LHR)

7 Min Palliative Quad Shot radiation therapy combined with low dose systemic treatment in locally advanced head and neck cancer **Dr Famyia Abdullah**
(MINAR MULTAN)

7 Min Physical Therapy and Rehabilitation to Improve Quality of Life in Breast Cancer Survivors **Dr Qurat Ul. Ainn Hashmi**
(MINAR MULTAN)

(Continued on the Right)

(Continued from Left) Women for Oncology

11:30 AM – Day-3 | 25th Jan 26 Saturday Marriott Grand Ballroom
